Nova Fish Farms Inc. is an independent, Canadian owned, and fully integrated Steelhead Trout Farming organization that is rapidly expanding and is looking to add Aquaculture Site Workers to our team.

Farm Technician reports to the Operations Manager. This position is a labour-intensive position. Applicants must be comfortable working outside in all weather conditions on multiple aquaculture sites.

Duties and Responsibilities but not limited to.

- Providing support to the farm site through general husbandry operations from smolt to harvest
- Operating vessels to travel to work sites (longliners and skiffs)
- Operating machinery such as cranes, compressors, forklifts, etc.
- Feed inventory and tracking during shifts, feeding regimes.
- Assist the utility crew in site setups.
- Daily site maintenance
- Able to work a 6 and 3 schedule
- Attention to record keeping
- Net washing
- Harvesting assistance
- Physical ability to complete repetitive tasks, lifting up to 25kg.
- Respect for the need for safe working practices
- Positive attitude and willingness to learn
- Related education or experience within the industry would be considered an asset, but is not necessary as on the job training will be provided.

A successful candidate will:

- Be a team player.
- Be willing to work flexible work hours and schedules.
- Be willing to obtain a Marine Emergency Duties (MED) certificate and other training requirements that will be required.
- .

Nova Fish Farms offers competitive wages and has an established extended benefits plan for employees and their family. Please forward your resume to info@oceantroutcanada.com. We appreciate all applications. Only those chosen for an interview will be contacted. **Deadline to apply: Feb 17th, 2023.**
