

20 March 2025

**Position Title:** Vessel Captain

**Division / Company:** Nova Fish Farms Inc.

**Location:** St. Albans, NL

**Reports To:** Regional Manager

Nova Fish Farms Inc. is an independent, Canadian owned, and full-integrated steelhead trout farming organization that is rapidly expanding and is looking to add a Vessel Captain to our team.

The Vessel Captain will be responsible for the overall feed vessel operations, including navigation, safety, maintenance, and supervising the crew. The ideal candidate will have strong leadership and communication skills, possess a strong work ethic, and work well with others to ensure that all equipment is operated safely and efficiently.

**Duties and Responsibilities but not limited to:**

- Ensure the vessel is operated in compliance with Regulations
- Ensure that Safety Protocols, Policies and Procedures are followed
- Maintain logs and records of vessel operations
- Conduct inspections
- Operating machinery such as cranes, compressors, forklifts, etc.
- Assist the utility crew with site setups, daily site maintenance, net washing, and harvesting as needed.

**Other**

- Must have a Fishing Master IV
- Knowledge of marine open net pen aquaculture facilities
- Knowledge of navigation, logistics, safety and laws
- Tact and good judgment in dealing with people and stressful situations
- Strong understanding of maritime safety regulations and best practices
- Must be eligible to work in Canada

Nova Fish Farms Inc. offers competitive wages and dental and extended health care benefits for employees and their family. Please forward your resume to [info@oceantroutcanada.com](mailto:info@oceantroutcanada.com). We appreciate all applications. Only those chosen for interview will be contacted.
