Position Title: Maintenance Vessel Deckhand

Division / Company: Nova Fish Farms Inc.

Location: St. Albans, NL

Reports To: Maintenance Vessel Captain

Nova Fish Farms Inc. is an independent, Canadian owned, and full-integrated Steelhead Trout Farming organization that is rapidly expanding and is looking to add a Maintenance Vessel Deckhand to our team.

The Maintenance Vessel Deckhand will report to the Maintenance Vessel Captain and be responsible for performing general maintenance of our marine maintenance vessel, including general maintenance of our aquaculture pen sites and nets. The ideal candidate possesses a strong work ethic, and work well with others to ensure that the vessel deck is clean, safe and operational.

Duties and Responsibilities but not limited to:

- Provide routine maintenance work for the vessel
- Operating machinery such as cranes, compressors, forklifts, etc.
- Assist the utility crew in site setups
- Daily site maintenance
- Net washing
- Harvesting assistance

Other

- Must have a Marine Emergency Duties (MED) Certificate
- Must be eligible to work in Canada

Nova Fish Farms Inc. offers competitive wages and dental and extended health care benefits for employees and their family. Please forward your resume to info@oceantroutcanada.com. We appreciate all applications. Only those chosen for interview will be contacted.
