

OPPORTUNITY: FISHING MASTER - CLASS IV

Newfoundland Aqua Service Ltd., in collaboration with Netukulimk Fisheries Ltd., provides in-situ net cleaning services using state-of-the-art ROV Technology.

We are searching for 4 Fishing Masters-Class IV for the operation of our In Situ Net Cleaning Service Vessels. You will work with well-trained FNC pilots using position and graphic visualization functions from a state-of-the art platform on our net-cleaning vessel. Newfoundland Aqua Service Ltd. is the leading net services provider in Newfoundland & Labrador, offering both land-based net services and an expanded in-situ marine-based net cleaning service using the patented AKVA Group Sperre FNC8 ROV Net Cleaning System.

Responsibilities:

- Ensure safe passage/operation of the vessel at all times
- Ensure all safety equipment is valid and inspected weekly
- Ensure a well-trained/seasoned crew
- Deteriorating weather-preparation and planning
- Maintenance of machinery
- Crew Drills
- Cleaning nets using FNC8-Flying Net Cleaner (ROV)
- Operating & maintaining the in-situ net cleaning equipment in a safe and efficient manner
- Providing other deckhand/site work duties as needed by customers
- Ensuring all project information is recorded and submitted on a timely basis
- Operating knuckle boom crane
- Maintaining a clean working environment
- Daily net check reporting and timesheets

Employment Requirements: (Employee specific training may be provided after hire)

- Fishing Master-Class IV
- Completion of several months of on-the-job training is usually required
- Knuckle Boom Crane Safety

Qualifications:

- Mechanical aptitude and eagerness to learn
- Good time management skills
- Team player with good communications skills
- Self-motivated, able to work both independently and in a team environment
