

Marine Site Managers
Grieg Seafood Newfoundland
Marystown, NL
Reference #NH-17870

With headquarters in Bergen, Norway, Grieg Seafood is one of the world's leading salmon aquaculture enterprises, with operations spanning across Norway and Canada, including the scenic, rural areas of Newfoundland and Labrador.

As a division of Grieg Seafood, Grieg Seafood Newfoundland (GSN) is establishing sustainable aquaculture operations in Marystown, in the heart of the Burin Peninsula. With over 100 talented employees, they're not just about aquaculture, they're cultivating a brighter future for the local communities and the environment.

To support this continued growth, we are seeking **Marine Site Managers** to join their team in Marystown. You'll play a pivotal role in steering their operations towards success. You'll be at the heart of a dynamic team, leading with vision and nurturing a culture of excellence. Here, every day is a chance to make a real difference — both in their company and in the local community.

Key Responsibilities

- Lead a dedicated team, providing guidance and mentorship to Aquaculture Technicians and Assistant Site Managers in their day-to-day operations.
- Champion safety and sustainability, working closely with Health & Safety teams to develop innovative solutions.
- Drive operational excellence, ensuring their site operates at peak efficiency and adheres to the highest standards.
- Be an active participant in shaping their marine strategy through weekly meetings and collaborative planning.
- Manage resources effectively, overseeing essential tasks like equipment maintenance and operational planning.
- Uphold the highest standards of fish welfare and environmental stewardship.
- Utilize your problem-solving approach to oversee various aspects of site management, from feed forecasting to quality control.
- Engage in environmental monitoring and technology-driven processes to enhance sustainable practices.

Desired Skills and Qualifications

- A background in Aquaculture or a related field considered an asset.
- Proven leadership and supervisory experience.
- A comprehensive understanding of salmon operations and biosecurity protocols.
- A proactive, problem-solving attitude, capable of leading and engaging a team.
- Excellent communication skills and interpersonal skills.
- Proficiency in Microsoft applications. FishTalk experience an asset.
- A commitment to teamwork in a collaborative environment.
- Efficient time management and organizational skills.

Work Environment:

- Outdoor setting, immersed in the natural beauty of Newfoundland and Labrador.
- An active role, combining various physical activities including walking, kneeling, and bending.
- A unique work schedule offering a balance between work and personal time: Seven days on, followed by seven days off. 80 hours bi-weekly.

What They Offer:

- A highly competitive salary, reflecting your experience and potential for growth.
- Comprehensive health and retirement benefits.
- A supportive relocation allowance for a smooth transition to the Marystown area.
- The chance to be part of a company that's not just growing but also deeply committed to sustainability and making a positive impact on the community.
- An opportunity to grow with a company committed to sustainability and community engagement.
